**Please find below and/or attached an Office communication concerning this application or proceeding.**

The time period for reply, if any, is set in the attached communication.

### **Response to Amendment**

The amendments to the claims will not be entered because the scope of the claims is changed; new issues are raised which would require a further search and/or consideration; the specific combination of materials {pyrrolidone derivative; tris(trimethylsiloxy)silylpropyl(meth)acrylate; N-substituted acrylamide} listed in claims 1, 19, and 37 has not been addressed prior to the amendment. Additionally, dependent claims would require further search and/or consideration, as they did not depend on the limitations of newly amended claims 1, 19, and 37.

Applicant's arguments are directed to subject matter that requires further search and consideration.
